
CERTIFICATE OF COMPLETION

QuodeSchool - Bridging The Gap (BTG) Internship Program

An Initiative of QuodeWorks Consulting LLP

This is to certify that **Shyam Sridhar** has successfully completed the Bridging The Gap (BTG) Internship Program conducted by QuodeSchool, the workforce readiness and engineering incubation initiative of QuodeWorks Consulting LLP.

As a participant of the QuodeSchool Titans Cohort, the candidate successfully completed a structured engineering internship focused on bridging the gap between academic learning and industry expectations through practical engineering experience, project-based learning, technical mentoring, and professional development.

During the internship, the participant gained exposure to and developed practical skills in areas including:

- Python Programming
- Backend Engineering Fundamentals
- FastAPI & REST API Development
- MongoDB
- Software Engineering Principles
- API Design & Development
- Problem Solving & Debugging
- Version Control using Git
- AI-Assisted Engineering Concepts
- Collaborative Engineering Practices

This certificate is awarded in recognition of the successful completion of the internship program and the participant's commitment towards building industry-ready engineering capabilities.

We congratulate **Shyam Sridhar** on this achievement and wish them continued success in their academic and professional journey.
